

26 September 2016

Dear Parents

We have now been using our dojo system for three weeks and the children are responding well to it. I hope you also like to see how your children are gaining dojos in school.

There are a couple of issues that I would like to clarify. Although there is obviously the opportunity to comment and interact with teachers, this is not a social media forum. Teachers cannot and will not respond to every comment you make as it is taking away from valuable planning and marking time. Teachers will also not be responding out of school hours and at weekends as they need to have a home life!

Please only use the dojo system to comment positively on behaviour or work. If you have any concerns or issues, please make an appointment to see the teacher using the normal channels. Please do not use the dojo system to ask other information – this is what the class email is for.

Thank you for your cooperation in this matter.

Yours sincerely

Mrs A J Lupton
Headteacher
