

Behaviour Guidelines 2020-21

Our system is robust and transparent but only works if all staff follow it consistently and follow the stages.

School Reward System

We have an online behaviour system where all negative behaviours should be logged against the pupil's name. This creates an ongoing behaviour record for each pupil.

Please ensure all stages of sanctions are logged onto the school behaviour system to ensure an accurate record is maintained for each pupil.

At the end of each term the behaviour system is used to total the number of negative behaviours to each pupil, based on the number of detentions and further actions. Pupils with a high number of points on the system will not earn a behaviour band.

Dojo/Reward Bands System

During Covid-19 restrictions, a mystery total for each half term will be set for KS 1 and KS2.

All children who reach this total and who have not gained a certain number of points on our behaviour system will be awarded a band. This will allow them to participate in the half termly class treat . Children who do not get their band will spend time with the SLT understanding how they can improve for the following half term. Phase Leaders will inform parents if their child has not got a band.

Key Stage 1 Stages of Behaviour

For KS1 pupils who demonstrate negative behaviours the follow stages are followed:

- Warning

- Remove Dojo
- Move card to red
- Detention

Phase leader informed; phone call home

More serious than this; SLT informed.

Key Stage 2 Stages of Behaviour

For KS2 pupils who demonstrate negative behaviours the follow stages are followed:

- Warning
- Dojo removed
- Detention
- Phase leader informed; phone call home.
- If behaviour continues or is very extreme, inform SLT.

Detention

The amount of time needs to be consistently given. Children should not be given multiple detentions for the same incident or within the same lesson; instead the teacher should progress to the next stage in system.

- Failing to comply- 15 minutes
- Rudeness/swearing- 10 minutes
- Wrong place/wrong time-5 minutes
- Damage to property- 10 minutes.
- Threatening/violence- 30 minutes.

Missing equipment (e.g. PE kit, reading book) should be a loss of a Dojo on each occasion. If it is missing for 2 consecutive occasions a 5 minute detention should be given.

Incomplete work should be completed in the Year group detention space.

Please ensure all actions are logged on the school behaviour system as this may be referred to in parent meetings.

It is the responsibility of the class teacher to ensure that children in their class go to detention. All teachers should open up the system just before lunch to remind children to go.

Staff should not raise their voice to a shouting level towards children.

Children should NOT be sent out to stand in the corridor for bad behaviour as this does not follow our policy.

COVID-19

Children **must** follow our Covid-19 procedures for the sake of the health and safety of all. We will operate a zero tolerance policy to non compliance.
