

Youtube Risks – Uploading Video

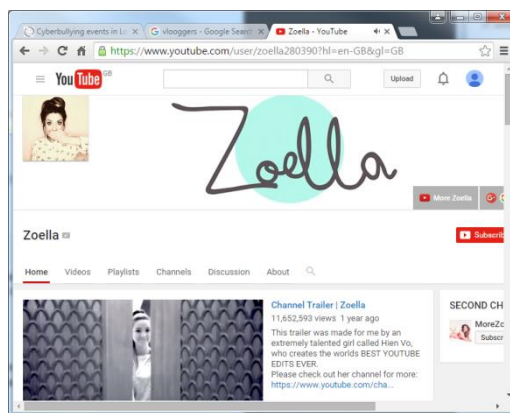

Many children spend a lot of time watching vloggers (Video Log) such as Zoella. (Zoella can have over 3 million hits on her uploads!)

Some children chose to emulate these Vloggers, and in doing so without careful thought can leave themselves open to bullying or online grooming by revealing personal details and making videos and comments available to anyone.

This is not illegal but the minimum age to create a Youtube account is 13. Having an account for a younger child breaks the terms and conditions of the site. It is not possible to upload videos without creating an account.

Parent resources

We understand that parents and guardians sometimes have questions about children's behaviour online. We've put together some tools and resources to help you manage your family's experience on YouTube.

What age does my child need to be to use YouTube?

In order to create a YouTube account, you must confirm that you're at least 13 years old. If a video is flagged and we find that the uploader inaccurately stated their age during the account creation process, we will terminate their account.
