

## Reminder

PE kits should be brought into school. They can be taken home whenever they need washing.

## Outdoor Play Equipment

From Tuesday 4th May, children will be allowed to play on the outdoor play equipment. Please note that this equipment is not washed in between use.

## Lateness and Absence

We are having some children miss valuable lesson time. It can also make children anxious arriving at school late. Please remember to contact the school if your children is absent.

## Covid Cases

We have learnt this week that there are still cases in the community. Please continue to be vigilant and do not send your children to school if anyone in the family is unwell. Please use lateral flow tests regularly to keep us all safe.
