Dear Parents and Carers,

Have you ever thought about becoming a teacher? Is it something you've often thought about doing? Do you have a degree?

If the answer to these questions is 'Yes' then there is something you can do about it now! This school is one of the 20 partnership schools of High Force Education SCITT, helping to train the next generation of primary teachers in the North East.

Our training is run by the schools in the partnership and the course is delivered by teachers from those schools. This means that you get support and guidance from people who do the job day in and day out. Teachers who graduate from us are well prepared for the profession and many go on to become school leaders. In fact, I trained at the SCITT myself!

100% of our trainees would recommend us, but don't just take our word for it:

"It just felt right! I had the best and most rewarding year!"

"Their welcoming approach impressed me and made them stand out from other organisations."

"A year where I have had the opportunity to learn as much about myself and my capabilities as I have about teaching."

If you are interested in training with us then apply via UCAS:

Or for more information get in touch with the course leader, Gemma Firmin, on **01833 630487** or email her at **info@highforceeducation.co.uk**.

If you want to become a teacher, don't put it off any longer contact High Force. We can help you achieve your ambitions.

Yours sincerely,

Rob Goffee
